HOME AND SCHOOL COMMUNICATION AND SUPPORT

- Teacher E-Mail Addresses:** All teachers at this school have been issued e-mail addresses.
- Online Homework Information:** A portion of the school's website is devoted to homework pages.

The following narrative about how this school promotes and supports parental involvement was submitted by this school.

Sedgwick prides itself on excellent communication between the home and school. Methods of keeping in touch with parents include a monthly newsletter from the school, phone calls home from teachers, e-mails, and homework websites (where parents can confirm their students' current homework assignments), parent/teacher/student conferences and, when needed, weekly progress reports are carried home by students and signed by parents. We send home detailed progress reports for every student mid-way through each quarter. All Sedgwick teachers maintain online grade books and parents have online access to these grade books through a parent portal. We also have a phone message blast system so that we can send important voicemails home to all households. We have a similar e-mail blast system as well via school and team list serves. Teachers send individual e-mails to parents on a regular basis to update them in their child's progress. The school website is an excellent source of information about the school and its activities/events. We have a PTO listserve that is available to parents who wish to have immediate notice of events and activities as they are posted. We have one assistant principal and one school counselor who are fluent in Spanish and made a special effort to reach out to our Latino community. Many sections of our school website have been translated into Spanish and our school newsletter, the Sedgwick Scene, is also published in Spanish. The Sedgwick staff has dress-down days on Fridays, collecting donations for participation. The funds collected go toward scholarships for our students needing financial assistance for field trips. Parents voluntarily contribute money towards our field trip scholarship fund. Parents are a valuable resource to our students. In addition to helping chaperone some field trips, parents also help out with our grade 8 school dance, classroom activities, mentor/tutor students, and volunteer in our media center. Parents also support our school by making contributions to the Foundation for West Hartford Public Schools. Their fundraising has provided competitive grants to teachers at Sedgwick. The PTO organized a "Read-a-Thon" to financially support team activities and an "Ice Skating Party" for our 6th graders. The PTO helps to publish our school newsletter "The Sedgwick Scene" and has a web page on our school website.

Open Choice:

8 student(s) attended this school as part of the Open Choice program. Open Choice brings students from urban areas to attend school in suburban or rural towns, and students from non-urban areas to attend city schools

Non-English Home Language:

20.1% of this school's students (excluding prekindergarten students) come from homes where English is not the primary language. The number of non-English home languages is 35.

EFFORTS TO REDUCE RACIAL, ETHNIC, AND ECONOMIC ISOLATION

Below is the description submitted by this school of how it provides educational opportunities for its students to interact with students and teachers from diverse racial, ethnic, and economic backgrounds.

Sedgwick is committed to closing the achievement gap in part by reducing racial, ethnic, and economic isolation. Some activities that help us support this goal are the following: after school Homework Clubs, the Climate Committee, the Student Council Annual Talent show, and our Spanish for Spanish Speakers course. Additional activities that support this effort include student and faculty participation at HANOC (a neighborhood community center that provides after school homework assistance), after school clubs such as Step Team, intramurals, and Art Club, all of which attract a diverse population of students. A sixth grade welcoming barbeque, ice skating party, Science Fair, and "Tour of the Americas" project bring families together who are representative of our entire student population. African drumming and dancing are taught as a part of our music curriculum and "Gifts of Music" is a program that provides free, private instrumental lessons to students from low income families. At Sedgwick, we also have an annual Community Day and Mariachi Band Assembly. We had a program sponsored by the Anti-Defamation League that focused on issues of tolerance and respect. Our school play, Hairspray, was very well-represented by students from many different ethnic backgrounds and taught students a lot about issues pertaining to racial integration and acceptance.

Disciplinary Offenses

Disciplinary offenses committed by students include all serious offenses, offenses involving drugs, alcohol, or tobacco, and all incidents resulting in suspension or expulsion. In the 2009-10 school year, 84 students were responsible for these incidents. These students represent 9.2% of the estimated number of students who attended this school at some point during the 2009-10 school year.

Truancy

During the 2009-10 school year, No students qualified as truant under state statute. As these counts rely on school-level policies regarding unexcused absences, they are not comparable between schools.

SCHOOL IMPROVEMENT PLANS AND ACTIVITIES

The following narrative was submitted by this school.

Sedgwick continues to demonstrate growth in many areas that are measured by CMT scores. Math, English, and science departments closely analyze all CMT scores and determine which strands and objectives were the weakest among students in each grade. Efforts were made to address those weakest strands and re-assess routinely throughout the school year. On each academic team, individual students were identified who were not meeting with proficiency in certain CMT areas (Band 1 and Band 2 students). Instruction for these students was differentiated and targeted. Some students were given computer support programs (ALEKS, Study Island, and Read Naturally) to work on targeted CMT skills. Most of our teams set up after school Homework Centers. These Homework Centers provide students with a structured environment to get their homework done with the assistance of a certified classroom teacher. In addition to our math support classes, we offer a "Math for Success" program where students can receive additional instruction in math during their learning lab (study hall). This provides students with targeted Tier Two Interventions through the SRBI (Scientific Research-Based Interventions) model. Teachers in every discipline utilize a common set of instructional and CMT terms. At Sedgwick, we teach students to use the ASC (Answer – Support – Connection) method when they respond in writing to open-ended questions about a text. We continued to refine and improve our system for administering Universal Screenings and Common Formative Assessments in the areas that are tested on the CMT. These assessments were given 3 - 4 times throughout the school year. Math and English worked in Data Teams to analyze the data from their students' assessments and plan for future instruction. Sedgwick adheres to a school-wide REACH philosophy. By teaching all students the values of Respect, Enthusiasm, Achievement, Citizenship, and Hard Work, students help to create a better school environment and demonstrate increased academic achievement. The REACH model is also used by the Amistad Academy in New Haven, Connecticut and was created by Achievement First.

SUPPLEMENTAL SCHOOL INFORMATION

The space below was optionally used by this school to describe aspects of the school not presented elsewhere in the profile.

Sedgwick offers a variety of after school clubs and activities designed to engage students and help them to foster a connection to school. These school activities also help create a very natural mentor / mentee relationship between the advisor of the club / activity and the student. Our Drama Club is open to any student who has an interest in any aspect of theater production. This includes acting, sound, light, stage crew, costume design, and set design. The Sedgwick Scroll is an award-winning literary magazine open to students who wish to express themselves through writing and who like to improve their written communication skills. Student Council is made up of students who are elected by their peers. There are representatives from each homeroom as well as elected officers. They help organize many social and community service activities throughout the school year. Our Technology Student Association (TSA) is an award-winning program that offers opportunities for students to participate in activities, competitions, and workshops covering a broad spectrum of technology. Unified Sports and Unified Theater are two programs in which special needs students partner with regular education students in both sporting competitions and theatrical productions. Yearbook Club is open to 8th grade students who wish to work collaboratively to produce our school yearbook. Our intramural program is open to all students, regardless of ability level, and runs almost every day after school. These intramural activities include soccer, flag football, volleyball, basketball, weight training, badminton, wrestling, and softball. We have an Odyssey of the Mind Team. We also have a large Step Team that is open to all students. Other student activities offered by Sedgwick include Zumba, Art Club, Mural Design Club, and Martial Arts. Our Art Show and our Talent Show are both very well attended. At Sedgwick, we utilize high school students as volunteers to tutor many of our students after school. We also have an Advisory Program in which teachers work very closely with a group of 10 students in order to form a close connection with them here at school.

Legend:
- : Fewer than 11 students tested for Students Overall; Fewer than 40 students tested for subgroups

* It is possible for a subgroup to be of sufficient size (40 or greater) for the calculation of the participation rate, but not of sufficient size (fewer than 40) for the calculation of the percent at or above proficient. This is due to the omission of absent students from the calculation of the percent at or above proficient. If a school does not have the required 95 percent participation with 40 or more students, it will not have made AYP, regardless of the subgroup size for the percent at or above proficient calculation.

** For any school or subgroup that did not meet the 95 percent participation rate criterion, a two- and three-year average participation rate using 2011, 2010, and 2009 CMT is calculated. If the two-year or three-year average was greater than the current participation rate, it was used for the AYP analysis.

While AYP results may be used to facilitate planning and implementation of necessary school improvement activities, these results should not be shared with the press, as they are embargoed until the State Department of Education's press release.
